The Success of the Electric Road.

The Electric Railroad carried 1,000 passengers, yesterday, considerably less than the first day, but a large number all the same. To-day the company is doing what may be regarded as "regular" business.

The anticipated trouble with horses is not materializing, for most horses are more afraid of a bicycle or piece of paper than a car.

Lawrence Rich, an employee in the O. &amp; N. shops, lost two fingers of his right hand while at work at the planing machine, yesterday. The injured members were dressed at Thrall Hospital.

REWARDS FOR THE MURDERERS.

Newburgh's Common Council Will Pay \$500 for Those Who Killed Frank Henderson.

In addition to the reward of \$100 offered by Marshal Sarvis for the arrest of Homer Sarvis and of \$25 for each of those associated with him in the burglary which ended in the murder of Frank Henderson, Newburgh's Common Council voted last night to authorize Mayor Odell to offer a reward of \$500 for the capture of Homer Sarvis, Tucker Vaughan, John Gregory and John O'Neill, the quartette who are accused of doing the awful deed or at least with having been engaged in the burglary which resulted in the murder. One hundred and twenty-five dollars will be paid for the arrest of any one of them.

THE SOLDIERS' MONUMENT.

Capt. Jackson Post to Hold Re-Medication Exercises Next Monday Evening.

A special meeting of Capt. Wm. A. Jackson Post, No. 301, was held, last evening. The post voted unanimously to hold appropriate ceremonies in connection with the removal of the Soldiers' Monument to Thrall Park, Monday evening, May 14th, is the date decided upon, and the assembly will be made at 7 o'clock at the old site of the monument, corner North and Orchard streets.

Invitations were extended to the 24th Separate Company, Gen. Lyon Post, No. 266, Gen. Custer Camp, S. of V., DeWitt Camp, S. of V., all honorably discharged soldiers, sailors and marines, and the Mayor and Common Council of the city.

Comrades Winner, DeWitt and Grier are the committee to make all necessary arrangements.

THE ANNUAL BUDGET.

Practically Completed, But Awaiting the Governor's Action on the Charter Amendment.

The Common Council held a meeting, last night, for the purpose of considering the annual budget. The work was practically completed, although it is understood that no action will be taken until it is known whether or not Governor Flower will sign the amendment to the charter passed by the Legislature, which is now in his hands.

As our readers know, the amendment authorizes the Common Council to appropriate the sum of \$45,000 for the necessary expenses of the city government and any further sum asked for must be voted at a special election of taxpayers, to be held during the day, from 2 to 8 p. m., thus giving taxpayers ample time to make up their minds and deposit their ballots.

Although this information is not official, it is understood that the amount of the budget, if it must be voted for under the old system, will be about \$72,000.

BOARD OF EXCISE.

Three Additional Licenses Granted.—The Quigley Home Application Rejected.

The Board of Excise, to-day, granted the following additional hotel licenses:

H. E. Austin, James and King streets.

George Low, Wickham avenue. Walter B. R., Montgomery street.

After a full investigation, it was decided to reject the application of Joseph H. Quigley for a hotel license, at the corner of Union and Franklin streets.

Although a number of applications for license were left unacted on, the application of Mr. Quigley was the only one formally rejected.

An operation for Biliary Calculi.

Mrs. S. E. Tator, of Highland avenue, underwent a surgical operation, yesterday, at St. Luke's Hospital, New York, for the removal of biliary calculi. Dr. Abbe, assisted by the hospital staff, performed the operation, in the presence of Drs. Pillsbury, Douglas, Hammer and Struble, of this city.

The same operation was successfully performed by Dr. Pillsbury last autumn, but a return of some of the distressing symptoms made a second operation necessary, which resulted in the successful removal of some small gall stones. The causes of biliary calculi are of such a variety that surgical interference frequently affords but temporary relief, but in Mrs. Tator's case a complete cure is hoped for.

A Jersey Farmer's Fizz Go Mad.

Six pigs belonging to John X. Clark, of Hainesville, Sussex county, developed symptoms of rabies, a short time ago, and ran to the woods where their bodies were afterwards found, their heads being swollen to twice their natural size.

A mad dog ran amuck in Hainesville some time ago. It is believed the pigs were not bitten, but that they licked up the froth which ran from the dog's mouth.

Ladies and dressmakers! Call and see the "Quick On" at Cadling's Dry Goods store.

Good complexion, good blood and healthy liver secured by occasionally using Wright's Indian Vegetable Pills.

HORSE FOUND; THIEF MISSING.

The Negro Who Escaped From Officers at Pine Bush Not Yet Re-arrested.

The name of the negro who, as mentioned in yesterday's Argus, stole a horse and wagon from Dr. Cooley, of Montgomery, Sunday, and escaped from the officers at Pine Bush, Tuesday, is Edward McBride. Our Montgomery correspondent writes that he was raised near Alford's Corners and is known by nearly every farmer thereabouts. The supposition is that McBride did not intend to steal the rig, as after he had driven down the turnpike to the half-way-house of Wm. Edmundson, he started to return, but he and a friend, who was with him became so "paralyzed," that they could not manage the horse and a runaway ensued. McBride's pal returned, but "the soon flew the coop," probably being afraid to show up. The horse has been found all right at a farmer's near Goldenham, but the negro is still missing.

THE TREASURER'S REPORT.

The report of Treasurer Mrs. Ira M. Corwin showed the total receipts from all sources for the year ending May 1, 1894, were \$461.04; the total disbursements \$416.63, leaving a balance of \$44.41.

THE SECRETARY'S REPORT.

The work of the City Missionary Union during the past twelve months has been much the same in kind as that of former years. "The poor ye have always with you" is as true to-day as it was eighteen hundred years ago. Our annual reports, to those who hear them from year to year, must seem like an old tale.

This year an unusually large number of families have been assisted, in some cases this society co-operating with the Board of Charities. Three hundred calls have been made by the emergency committee, who have never failed to visit the cases that have come to their knowledge, supplying immediate wants, if nothing more. A great many orders have been given for food and coal; medicine, milk and delicacies for the sick furnished; rent paid; seventeen hundred and eighty garments distributed, and over two hundred pairs of new shoes, a part of which the society purchased, the rest being contributed.

The work of the society is varied, its main effort being to elevate the individual. It has now under its special care three girls, two of them rescued from cruel guardians and all placed in suitable homes. A Russian family, stranded here by the illness of the father, was provided for until money could be raised to send them back to their native land, this being their great desire. Two worthy sisters were assisted to enter the Home for Aged Women. To accomplish this \$200 was collected by personal solicitation, the solicitors meeting with a hearty response from the community.

Many other cases might be mentioned but these suffice to show the character of our work.

The sewing school for girls and the Sunday School at the Children's Home have also been carried on under the auspices of this society.

Mrs. G. A. Swalm, Secretary.

A Fine Litter of "Bernard Pups."

Conductor R. S. Adgate is the proud owner of ten fine St. Bernard pups, two weeks old. The mother and father of the pups are both registered and the litter ought to be worth a great many dollars.

Invitation Accepted.

The Common Council, at its special meeting, last night, accepted the invitation of Capt. Jackson Post to attend the exercises commemorative of the removal of the Soldiers' Monument, next Monday evening.

Licenses in Warwick.

Warwick's Board of Excise has granted twenty six licenses and received in fees \$1,105. Of the licenses granted ten are for Warwick, seven for Greenwood Lake, four for Florida, two for Pine Island and one each for New Milford, Amity and Edenville.

To Reorganize the Bicycle Club.

There will be a meeting of bicyclists at the Commercial Hotel, this evening, for the purpose of reorganization of a club for the coming season.

World's Columbian Exposition.

Was of great value to the world by illustrating the improvements in the mechanical arts and eminent physicians will tell you that the progress in medicinal agents has been of equal importance, and as a strengthening laxative that Syrup of Figs is far in advance of all others.

AT THE COUNTY SEAT

INCIDENTS AND HAPPENINGS IN GOSHEN.

Gold Fish for the Fountains—Recovered from Terrible Injuries—Good Words for Orange Farm Hospital—Minor Notes.

From our regular correspondent.

An article appeared in the New York papers which has been copied in several of the county papers in regard to the sale of a carcass of beef by Ira H. Smith, of this town, which was condemned by the New York health authorities as tuberculous. Mr. Smith was seen by your correspondent, and he makes the following statement: The cow, whose carcass was sold, was about four years old, and was found by Mr. Smith, last Friday, with a leg broken below the knee. The cow, as far as Mr. Smith knew, was a healthy animal, and he straightway butchered her and shipped the meat to a Mr. Valentine, a commission merchant in Washington Market, New York. Mr. Smith has at present a herd of twenty-four cows, and as far as he knows, they are all healthy. No inspector has as yet called on him. The article further says that he ships his milk to New York. This is untrue.

—The fountain basin in front of the St. Elmo contains about 200 gold fish, the property of President Hook. They are the finest and largest specimens of gold fish ever seen in this village. A number of them will be put in the fountain in the park.

—Ed. Mackey, of Port Jervis, who had both his legs cut off by the cars at this station, March 7, while jumping off a train, has been discharged from Orange Farm Hospital and will go to Port Jervis to-day. He told your correspondent that he received the best of care and attention during the nine weeks he was there. He speaks very highly of Mrs. Monell, and said a mother could not have given him more care than she did, and says his recovery was, in a large measure, due to the skillful treatment and careful nursing he received. Notwithstanding the severe injuries he received he remembers all who aided him on the fatal day of the accident and thanked them for the favors done him.

—Peggy Welsh, of Port Jervis, and another, spent yesterday in the took up-sobbing up. They were let go last night and told to make tracks out of town.

—Bob, Hunting's circus was very largely attended, yesterday, at both performances.

—Oake walk and hog foot eating contest, to-night, at Purdy's Hall.

—Mr. and Mrs. Campbell Steward and family are expected here, this week, to occupy their summer residence.

Grounds—Fears.

Two women and a young girl drove into North street, this morning. When a Trolley car came along, the girl jumped out and took the horse by the head and the other ladies were preparing to jump, one of them having her feet over the side, but by this time the car came up and as the horse did not even look at it, the occupants of the carriage retained their seats.

Milk for Struvin's Cheap Milk Depot.

Mr. Geo. T. Walker has made a contract to supply Philanthropist Nathan Strauss with milk during the coming summer. Mr. Strauss will open a number of milk depots in New York and the commodity will be disposed of by him to poor people upon the same plan which he used in disposing of coal during the past winter.

The Board received during the year \$2,130, paid out \$1,019.67 and has \$3,237.31 to its treasury.

Of Interest to Jewelers.

Gov. Flower has signed a bill passed by the legislature, making it a misdemeanor for any person to sell merchandise stamped "sterling" or "coin silver," that does not come up to the required standard of purity, which is 925-1,000 of pure silver.
